About

I hold a B.Sc. degree in Software Engineering from the University of Iceland and am currently completing a Diploma in Web Development at Reykjavik Academy of Web Development.

I have strong interpersonal skills and enjoy learning new things and meeting new people. I am ambitious, detail-oriented, and highly organized, with a strong sense of responsibility and the ability to work independently. Additionally, I have excellent technical skills and a keen eye for detail, allowing me to approach problems both creatively and precisely.

Education
